Statement of Intent

Mode Training Limited (MTL) makes a moral commitment to provide a positive and supportive working environment for our staff and an excellent teaching and learning experience for all of our learner/students. By adopting and implementing our Equality Diversity and Inclusion Policy we accept our responsibility for addressing and tackling the imbalances caused by disadvantage and discrimination. As a company we recognise that there is a great deal of work we still need to do. We hope that this policy will act as a means for carrying forward and developing strategies and procedures to ensure we are valued by all who are either employed, trained or work in partnership with MTL as a positive, forward thinking company that truly embraces equality for all.

Overview of Equality Diversity and Inclusion

legislation The Equality Act 2010

The Equality Act 2010 brings together a number of existing laws into one place so that it is easier to use. The law sets out the personal characteristics that are protected by the law and the behaviour that is unlawful. Simplifying legislation and harmonising protection for all of the characteristics covered will help our country become a fairer society, as an educational organisation it is our duty to ensure practices across our own company promote good practice.

Most of the new Equality Act was already in place in the previous anti-discrimination laws that it replaces. The nine equality laws which have now merged under The Equality Act 2010 are as follows:

- Equal Pay Act 1970
- Sex Discrimination Act 1975
- Race Relations Act 1976
- Disability Discrimination Act 1995
- Employment Equality (Religion or Belief) Regulations 2003
- Employment Equality (Sexual Orientation) Regulations 2003
- Employment Equality (Age) Regulations 2006
- Equality Act 2006, Part 2
- Equality Act (Sexual Orientation) Regulations 2007

Protected characteristics

The Equality Act 2010 introduces the notion of 'protected characteristics' which it will monitor to ensure fairness. These are the grounds upon which discrimination is unlawful.

The characteristics are: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

Equality Diversity and Inclusion Definitions

Equal Opportunities is often described as ‘everyone being the same’. This is somewhat outdated and today when we talk about equality we describe it in terms of everyone being different but treated with an equal level of respect and having equal access to services, training, employment, statutory rights etc.

Diversity is about valuing and embracing the differences in people, whether that relates to gender, race, disability, cultural background, traditional values or beliefs, age or a host of other individual characteristics which may or may not be covered by legislation. Diversity can be said to describe the range of visible and non-visible differences that exist between people.

Inclusion is about positively striving to meet the needs of different people and taking deliberate action to create environments where everyone feels respected and able to achieve their full potential.

Discrimination Definitions The following definitions have been sourced via current employment legislation and advisory bodies such as the Equality and Human Rights Commission (EHRC) and Advisory, Arbitration and Conciliation Service (ACAS).

Direct discrimination: This is when someone is treated less favourably than another because of a protected characteristic they have or are thought to have, or because they associate with someone who has a protected characteristic.

Indirect discrimination: This is when a condition, criteria, rule or even a practice in the workplace applies to everyone, but particularly disadvantages people who share a protected characteristic.

Dual discrimination: is when someone is treated worse than other people because of a combination of two things:

- If they are a woman or a man
- If they are transsexual
- If they have a disability
- If they are lesbian, gay, bisexual or heterosexual
- their age
- their religion
- their belief

Policy aims

We believe our responsibility for equality is wider than those areas currently covered by present legislation. We are committed to achieving equality for all by removing direct and indirect discrimination on the grounds of:

- Age
- Race, colour, nationality, national or ethnic origin, being a traveller/gypsy
- Disability, including deaf people, blind people, people with a learning disability, people with a mental illness, and people living with HIV and AIDS
- Religious belief or non-belief, or other beliefs.
- Marital status, family circumstances, or caring responsibilities
- Sexual orientation
- Income, employment status or housing circumstances
- Social acceptance of for example substance user or alcoholic
- Membership or non-membership of trade unions or involvement or non-involvement in trade union activity
- Any other ground that cannot be shown to be justified

We will

- Make equality a mainstream part of our day to day business ensuring all policies, procedures, strategies, and plans reflect and incorporate equality objectives and targets
- Ensure all learner/students can achieve their full potential, gaining qualifications and progressing to a positive outcome on completion
- Senior Management will adopt a lead by example culture with all staff, learner/student, school mentors, employers, and all partners of MTL
- Ensure that all staff (both paid and volunteers) understand their legal and moral obligations to treat all equal regardless of sex, gender, ethnic origin, religion, sexual orientation, age, disability, mental health, marital status, previous criminal convictions, social acceptance, alcohol, or drug misuse, area of residence
- Develop best practice in relation to the recruitment of staff and learner/students from under-represented groups, targeting advertising to reach under-represented groups
- Promoting employment opportunities at events in local under-represented communities
- Develop best practice in relation to the recruitment of staff and learner/students
- Review recruitment procedures to ensure they remain fit for purpose in ensuring wherever possible under-represented groups can join MTL
- Encouraging our employer base to follow our lead of “family friendly” flexible working patterns

procedures set out within MTL quality assurance system

- Ensure Debbie Tagoe and Amanda Clarke are given adequate training to be able to conduct their duties within the role
- Provide opportunities for all staff to develop their skills and knowledge particularly in relation to Equality Diversity and Inclusion issues
- Ensure that children, young people, and vulnerable adults are enabled to express their ideas and views on a wide range of issues and will have access to the organisations Complaints Procedure
- Ensure that parents/carers are encouraged to be involved in the work of MTL and, when requested, have access to all guidelines and procedures
- Develop effective links with the appropriate agencies, especially in under-represented areas of the city
- Keep written records of any Equality Diversity and Inclusion issues raised
- Ensure all records are kept in a locked cabinet, separate from the learner/student personal file
- Endeavour to keep up to date with developments relating to Equality Diversity and Inclusion

Employees

The following section clearly sets out how through recruitment, training and development of our staff we will as a company accomplish the targets, we have set within our Equality Diversity and Inclusion strategic plan

Recruitment and Training of Staff

Wherever possible all vacancies will be advertised simultaneously internally and externally. Steps will be taken to ensure knowledge of vacancies reaches under-represented groups. All vacancy advertisement will include an appropriate short statement on Equality Diversity and Inclusion.

Job descriptions and person specifications will be kept under constant review ensuring they are justifiable on non-discriminatory grounds as being essential for the effective performance of the job.

At least two people will be involved in the selection interview and recruitment process and all

will have had Equality Diversity and Inclusion training, one who must have attended 'safer recruitment training'

Wherever possible a cross section of people will be involved in the process. Reasons for the selection and rejection of applicants for vacancies will be recorded, as will equal opportunities monitoring data.

Access to training is made available to all employees. Training of staff enables MTL to develop its workforce whilst achieving equality of opportunity by providing training for any member or staff who needs or will benefit from it.

A staff appraisal system is in place to identify on a regular basis any staff training requirements. All staff participate in annual mandatory training and development in Safeguarding and Child Protection, Equality Diversity and Inclusion and Health Safety and Welfare.

Pay and Benefits

All employees doing equal jobs, regardless of gender, colour, race disability, and marital status, sexual orientation or offender background are treated equally with respect to pay and other conditions of their contracts of employment.

All pay increases are made on an equitable basis and the same rules apply in all cases. All benefits, facilities and services including those covered by law (e.g. maternity rights) are reviewed on a regular basis to see if they may be improved.

Single Central Register: All staff who are either employed, work on a voluntary basis or are to be offered employment with MTL will be recruited into Mode in line with MTL safer recruitment policy and listed on MTL SCR

no staff member will commence employment until the check has been completed. Procedure followed as per MTL Safeguarding Policy and DBS policy and procedures.

Debbie Tagoe – Director has the ultimate responsibility to ensure that a clear CRB check alone is not sufficient evidence to offer employment. Recruitment procedures should be strictly adhered to, this will ensure every possible step has been taken to eliminate employment of individuals who are not suitable to work with children, young people, and vulnerable adults.

Employers who MTL contract with for placement and or employment purposes are given a copy of this policy and are advised it is their responsibility to ensure staff they employ are safe to work with young people and vulnerable adults and have an awareness of Equality

Diversity and Inclusion

good practice.

Learner/student attending the 14-16 Alternative Curriculum Programme will not be placed within a salon, other than MTL salon, where all staff have been taken through MTL stringent recruitment procedures, annual appraisal and have undertaken a full enhanced CRB check. All guest speakers who attend the centre to deliver sessions to the above cohort of young people will be required to produce a CRB certificate and will not be unsupervised with the group.

The role of MTL Employees

As part of Mode Training's 3-year development plan staff training is instrumental to the continuous improvement of the company. All staff are given training annually in the following areas as a minimum: Equality Diversity and Inclusion, Health and Safety, Safeguarding/Child Protection and Occupational Competence.

All staff should be aware that any form of discrimination against members of staff or colleagues might result in formal proceedings against them at an employment tribunal. In such cases the head of department or line manager would be required to attend the tribunal and could, if the case was proven, be deemed to be **vicariously liable** for any such discrimination

Dealing with discrimination

It is the general expectation that all members of staff, including others who may be working on behalf of MTL, will behave in an acceptable manner - treating others with courtesy, respect and consideration - and conducting themselves professionally when interacting with members of MTL wider community.

Unacceptable behaviour including bullying, harassment and victimisation or discrimination - including but not limited to the protected characteristics covered by the Equality Act 2010 - will not be tolerated and any allegations will be taken seriously and dealt with appropriately under the relevant procedure.

Role of Equality Diversity and Inclusion Designated Person

Overall implementation of the policy rests with the Debbie Tagoe Company Director. A copy of the policy is on display in the training centre and issued to all staff, learner/student, employers and partners of Mode Training, a copy may also be found on our website. It is the responsibility of all employees, learner/student and work placement providers to ensure that the policy is upheld. MTL also has an Equality Diversity and Inclusion Awareness workbook which every employee and learner/student is issued with.

Learner/student

The only criteria for the selection of learner/student into MTL is whether it is possible or not for the young person to complete the Individual Learning Plan. It is not acceptable to reject a young person on the grounds of sex, race, and ethnic origin, religion, sexual orientation, disability, or ex-offender status.

All learner/student applications should be dealt with consistently, staff involved in the recruitment, selection and training process should all have had Equality Diversity and Inclusion

training.

All potential learner/student will complete an application form, which includes an equal opportunities monitoring section, notes are also made on the reasons for acceptance or rejection.

Once in training with MTL all learner/student will be treated equally and fairly.

- Equality Diversity and Inclusion will be included in all learner/student inductions and discussed at review with the learner/student
- All staff involved directly with learner/student will be given an induction in Equality Diversity and Inclusion Awareness and kept-up-to date with the relevant laws and current issues.
- Any alleged incident of a learner/student being bullied, harassed, or discriminated against by a member of MTL staff will be fully investigated by Debbie Tagoe or by a named person nominated to investigate on her behalf. Disciplinary action may then be taken depending on the outcome of the investigation.
- Monitoring will take place randomly by means of reviews and questionnaires ensuring that all learner/student have equal access to training facilities.

Work Placement Providers/Employers

All staff responsible for co-ordinating or visiting employers will have received Equality Diversity and Inclusion Awareness Training and be conversant with the procedures to follow if a learner/student feels they have been discriminated against in any way, whether by the means of direct or indirect discrimination

Learner/student will be sent for interview with placement providers/employers regardless of their sex, race, ethnic origin, religion, and sexual orientation disability or ex-offender status.

All members of staff have a responsibility to the learner/student, to ensure that all alleged incidents are reported, and the necessary action taken.

All placements and employers will be given a copy of MTL Equality Diversity and Inclusion Policy which will be explained to them prior to the commencement of a placement.

Employers will be questioned regarding Equality Diversity and Inclusion during the review process; a telephone survey also takes place twice a year with a random selection of employers.

Grievance Procedure/Reporting Procedure

Employee

If any employee feels that they have been bullied, harassed or discriminated against contrary to MTL Limited Equality Diversity and Inclusion Policy they are encouraged to activate the grievance procedure as explained to them on their induction and written within the company procedures manual.

Any alleged incidents of bullying, harassment or discrimination should immediately be reported in writing to the employee's immediate superior with a copy of the letter in all cases being sent to Debbie Tagoe Director

Debbie Tagoe will nominate a Senior Manager to fully investigate the incident, if the incident is involving a Senior Manager, she will investigate herself. Once the case of alleged bullying, harassment or discrimination has been fully investigated a written report will be forwarded to Debbie Tagoe and ELAS who will support in the decision

Should bullying, harassment or discrimination be identified the employee will be invited to a formal hearing, provided with a copy of the report, and informed of their legal rights. A colleague of their choice or trade union representative may accompany them.

A written record of the meeting will be made, and any action taken will be formally recorded in writing, a copy of which will be sent to Debbie Tagoe Director and the employee.

Learner/student

If any learner/student feels they have been bullied, harassed, or discriminated against contrary to MTL Equality Diversity and Inclusion policy they should follow the grievance procedures as set out in the induction manual. This procedure will have been clearly explained to them at induction and a checklist signed to say they have read and understood it.

Any member of staff or learner/student who has any reservations regarding their implementation of the said policy should raise their concerns with their direct superior.
